To

The Secretary to the Government of H. H.
the Maharaja of Mysore, Local & Legislative Depts,
Bangalore.

SIR,

I have the honor to forward herewith a copy of letter No.8472, dated 5th December 1924, from the Chief Engineer of Mysore, Bangalore, intimating his willingness to bear the cost of maintaining a temporary dispensary for a period of three or four months for the benefit of the labor employed on the Marnhalli-Kempholey section of the Bangalore-Mangalore Road and to state that, as medical aid is very necessary in the interests of the progress of the work in those remote parts, sanction may kindly be accorded to the opening of a dispensary at Kempholey (the place selected by the Executive Engineer of the Hassan Division) for a period of four months at the following scale of expenditure:-

Pay of Sub Assistant Surgeon	Rs.62½-
Malnad Allowance to do.	Rs.20/-
Pay & allowance of comounder	Rs.25/-
Pay & allowance to a servant	Rs.15/-
Total	Rs.122/- per mensem

and cost of medicines and appliances Rs.400/- for the whole period. Very early orders are requested as the need for medical aid is represented to be very urgent.

I have the honor to be, Sir,
Your most obedient servant,

M Mahomed

Senior Surgeon.

Letter No. 8472 dated 5th December 1924 from the Chief Engineer of Mysore, Bangalore, to the Senior Surgeon in Mysore, Bangalore.

With reference to letter No. 1413 dated the 31st October 1924 from the District Medical Officer, Hassan District, to your address in the matter of medical aid tobe afforded to the coolies employed on making good the damage caused to the Marnahalli-Kempholey section of the Bangalore-Mangalore Road via Bhundghat, I have the honour to inform you that it is reported that nearly 300 coolies are employed on the work at present and more are likely to be imported in the near future with a view to push through the work and open the road for vehicular traffic. It is further reported that the nearest dispensary from the scene of operations is nearly 18 miles and that it is neither possible for the patients to approach the medical officer at Sakleshpur for aid, nor convenient for the officer at Saklespur to pay periodical visits on account of the long distance.

2. In the interest of the work and the health of the labouring classes in particular, I consider that a dispensary has to be opened temporarily for a period of three or four months. The pay of the Sub Assistant Surgeon including allowances to be paid to him and the cost of medicine will be borne by this department.

3. Under the above circumstances, I request you will be so good as to move Government to post, as a temporary measure, a Sub Assistant Surgeon to afford medical aid.
